The latter, however, soon separated from her, presumably on account of her light con duct, and Andrea, furious at such an mank, lay in wals for his son-in-law and stabbed him to death. His arrest and trial followed, and only his great insence saved him from a shameful death. His daughter took as her second husband Pietro Querino, who is the Hving type of Shakespeare's Brabantio, and from this marriage came a daugnter, Palma, who in 1533 married Nicolo Queral. Now according to Professor Levi. Palma and Nicola Querini are the real names of Desamona and Othello.

Nicolo Querini was a wealthy, high-spirited soldier, who had many friends, but also some bitter enemies, most nota-ble among the latter being Carlo Querof Shakespears a Cassio, and Antonk Discovery of the Originals of Professor Levi.
